## Conscious Discipline Focus: Listening & Following Directions

This month, we're focusing on listening and following directions. Children are practicing listening skills, following routines, and working together throughout the day.

### In the classroom:

Following simple directions  
Practicing classroom routines  
Using listening ears during activities

### Try it at home:

Give simple one-step directions  
Practice routines together  
Praise good listening skills  
**Listening skills help children feel  
successful and confident!**

## Center News

Congratulations to all the children that were able to complete another year of school! Please be sure to sign up with leadership if you plan to attend Bagels with Dad!
